

President's Report:

First of all I want to thank the outgoing executive; they have been amazing in the past year. That made the job of President very easy in a strange world.

This year the executive faced a year of challenge and came through it with grit and with good spirits. Their hard work on behalf of the residents of Caswell will not be forgotten.

Our Association in the past year had some successes, one of the major successes we had was along with Pleasant Hill Community Association and Mayfair, Woodlawn, Hudson Bay Park we all made boarding up houses an issue that people were paying attention to and helped to change the time it takes to investigate these properties. Through the hard work of our Civics committee headed by Lenore Swystun and Citizen Patrol by Ian Roach we made great strides. There is still work to be done in this area and we will continue it in the next year.

I would like to thank our long time Soccer Coordinator Theresa Finn who is stepping down after many years in the position and also our Yoga Coordinator Erin Ellis who is also stepping down this year. Thank you both for your service.

Also thank you to those who deliver programs in the past year and the challenges they faced though these unique times. They all were outstanding in the challenges they faced.

A few more individuals that I would like to thank for wisdom and help in the past year are Kelley Moore our Treasurer and Shannon Mason Newsletter editor along with Karen Sutherland who stepped up and filled in as secretary for our meeting and Raeanne Van Beek, our Social Media person.

Also thank you to our rink person Trevor Young who helped by doing a great service for the community by having a place to have a little break in these times.

Also, I would like to thank Heidi Estrada from the City of Saskatoon for being there as someone to help us and guide our association through these unique times.

Thank you to those on the executive that I didn't mention. Your work on our executive in being at the meetings and delivery of programs is invaluable to our community.

As you can see that our community and our association is strong and it is because we have a great team of people that make it strong. Not just one individual does this so I proud of this year CA.

As you can see that our community and our association is strong and it is because we have a great team of people that make it strong. Not just one individual does this. I am proud of the work we have accomplished.

All of you made Caswell a better place to live. I look forward to our shared success in the year ahead. Thank you.

Roman Todos
President
